kids activities and more. All four days are filled with things to see and do for the entire family.

You can munch on an ear of buttery sweet corn cooked in an old steam engine, watch tractor pulls, try your hand at the Flywheel Toss or sit down in the Stephenson Barn and listen to musicians play during the Moore's Jam Session. The Michigan Flywheelers Museum is a 501(c) (3) organization of volunteers dedicated to the restoration and preservation of antique

gas/steam engines and tractors. Located on close to 80 acres, the Museum features displays of old farm machinery, a sawmill and shingle mill along with “Olde Town” – a 1920s era community filled with businesses like Over The Forge Blacksmith Shop, Abbert & Sons Farm Machinery Repair and Old Time Jail. No doubt there is something for everyone at this show. We hope you will plan to join us. More details in the next Newsletter.
